About us

Your Partner for innovative Mobile Marketing Solutions

SABiDU® provides you with a unique service platform to offer your Marketing campaigns mobile and realize even long-term customer loyalty programs.

Address your customers individually with our mobile messaging solutions, ranging from the simple SMS to the innovative Messaging solution SAM.

To meet the users' individual needs, we have developed the Personal Information Manager products

SABiDU® Mobile Backup and SABiDU® Event Calendar, both of which are also available as White-Label solutions.

And there is even more to it: For your stand-alone marketing campaigns we create mobile websites and applications to help you analyze the responses to your activities in detail.
