

SABiDU®  
One platform:  
All mobile devices.

## Mobile Messaging

### *We mobilize your Messaging*

Design your messages the way you want to via our Mobile Service Platform. Depending on the technical requirements of your end devices it is possible to send SMS , MMS or SAM . Use the SABiDU Mobile Messaging service for ad-hoc messages, single marketing campaigns, or as regular part of your customer care. You define your messages' range, size, and type. Find out more about the numerous possibilities to perform mobile cross- and up-selling via our Mobile Service platform in a personal meeting.
